ergonomic seating for industry

www.eidosergonomics.com

Optional Caster Guards Available

Assembly Instructions

Tools Needed: 7/16" & 1/2" socket or wrench.

Please read all instructions before assembling

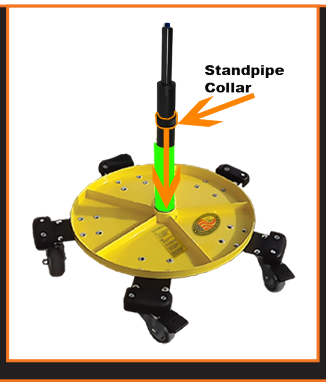
Step 1: Step 1: Place (D) Pan upside down (sticker side down) on to a flat work surface. Attach (C) Caster assemblies (5 each) to pan using 4 each 5/6" carriage bolts and nuts .Use 1/2" socket to tighten blots to pan. Note: (Locking casters should be next to each other).

Step 2: Turn pan assembly over and place (B) Gas spring into (D) Pan. Note: Standpipe collar (black plastic wedge) should be close to center on the standpipe.

Step 3: Remove (8) ¼" hex-head armrest bolts, (3) 1/4" x 1 1/4" bolts and white nylon spacers.(set aside nylon spacers & 1 1/4" botls. Use the (8) 1/4" bolts to attach (E) Arm-rests to (A) Seat. Place and tighten using a 7/16" socket or wrench.

Step 4: Attach (E) back rest assembly to (A) seat mech-anism and tighten backrest adjustment knob.

Step 5: Apply weight by sitting on the seat (A) and then enjoy your new Eidos Ergonomics **Model 106 Executive**.



Warranty: *Eidos products are covered by a limited warranty for a period of five years from date of purchase.*
