Assembly Instructions

Tools Needed: (2) 9/16" wrenches, 3/4" socket, 1/2" socket & pliers.

Please read all instructions before assembling

Step 1: Loosen front caster hardware with a 1/2" socket and install A) Front caster by aligning and then tightening four pieces of hardware.

Step 2: Attach the (C) Back Rest Assembly to the frame using the enclosed 1/2-13 x 1 1/4 hex head bolts. Tighten using a 3/4" wrench.

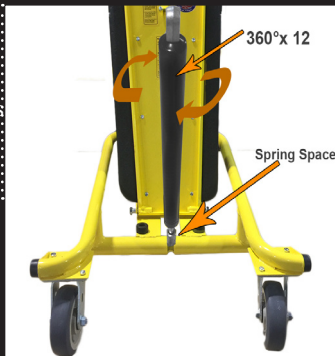

Step 4: From the back of base, slide Release Mechanism, (left to right) through channel aligning center threads with center of channel.

Step 5: Turning clockwise, screw gas spring into release mechanism turning 12 full rotations. Tighten spring spacer with pliers.

Step 6: Put top of gas spring eyelet into bracket at the top of the back, slide 3/8-16 x 1 1/4 bolt through the bracket, tighten with 3/8-16 reversible lock nut using two 9/16" wrenches.

Note: Do not allow the gas spring to fully acuate, This will Cause Problems when bolting gas spring to back.

Warranty: Eidos products are covered by a limited warranty for a period of five years from date of purchase.
